

UNITED STATES MINORITY CHAMBER OF COMMERCE

PRESS RELEASE FOR IMMEDIATE DISTRIBUTION

The United States Minority Chamber of Commerce announces 2ND “World Agriculture Summit Disney 2023”, where International Leaders will commit to tackling global hunger, Climate Change and Innovation

- The international community has a vital opportunity to help advance the vision of the food development Agenda by transforming how we produce, process, invest and consume food.
- A well-functioning food system can help prevent conflict, protect the environment and provide health and livelihoods for all.
- In food, there is hope, and investment and innovation is necessary
- The Chamber urges everyone to come up with ambitious commitments to feed hope for a better future.

Orlando, Florida. April 13, 2023. The United States Minority Chamber of Commerce announces its second one conference in the agriculture sector that connects world companies with farmers, governments, and large food development companies. The Event is not open to the public.

The **World Agriculture Summit Disney 2023** represents a powerful business-building opportunity for the food sector and this year's Summit opens on the 16th of July with a workshop marathon of 12 different sessions. The workshops and conferences will have a variety of business leaders in the food industry stakeholders from all over the world and cover a highly diverse range of topics.

The Disney Edition to be held next July 16-19, 2023, at the wonderful and elite, Courtyard Hotel Buena Vista, Orlando, Florida. The theme of this exclusive Construction Summit Disney 2023 is ***“Bridging the Gap between the food development and the poverty in countries with high resources”***.

More than 100 participants and over 30 high-level speakers will be attending the second edition of the World Agriculture Summit Disney 2023. The United States Minority Chamber of Commerce welcomes large private companies, and government representatives from Middle East, Europe, South and North America, international policy experts from organizations such as the United Nations, the Organization for Economic Co-operation and Development (OECD) and the U.S. Government, as well as high-level representatives from science, industry and NGOs.

About the Chamber: is the largest minority business organization and trade shows organizers in North America. Founded in 2000 has more than 34,000 members and presents more than 900 events. The headquarters is in Miami and business centers in Washington DC, Colombia, Honduras, Dominican Republic and Los Angeles. Its mission is to promote American Companies in different international market and to elevate their industry expertise, experience the newest equipment and products through demonstrations and industry-leading education, make new professional connections, and grow their own marketability within the industry internationally.
