

UNITED STATES MINORITY CHAMBER OF COMMERCE

PRESS RELEASE FOR IMMEDIATE DISTRIBUTION

The United States Minority Chamber of Commerce announces 2ND “U.S. Construction Summit Disney 2023” showing the capacity of American companies to the World

- *The International Summit in Disney reunites the industry of the construction.*
- *The Summit will demonstrate the capacity of the U.S. companies to Shaping the Future*
- *The Summit is focused on education, conferences and networking program, specifically designed for business owners and top-level managers.*

Orlando, Florida. April 13, 2023. The United States Minority Chamber of Commerce announces its second one conference in the construction sector that connects American companies with the counterparts around the world.

The **U.S. Construction Summit Disney 2023** represents a powerful business-building opportunity for U.S. companies that want to reach the huge international market. The Disney Edition to be held next June 23-17, 2023, at the wonderful and elite, Courtyard Hotel Buena Vista, Orlando, Florida.

The theme of this exclusive Construction Summit Disney 2023 is “***Bridging the Gap between Cultures of the United States and the world***”.

The main goal of the 2023 Construction Summit Disney reflects the growth and momentum of the construction industry particularly in Latin America and the Caribbean, and the role the exhibition plays in connecting innovators, equipment manufacturers, high technology, tools and construction professionals.

The Summit of Construction to be held every six months in different countries, will show featuring in U.S. equipment and technology applications for the industry, and promise to be the best, with limitless opportunities for business development with eager buyers searching for products and services in the construction industry. The event is not open to the public.

The six topical of the Summit will be :

- Technology, materials and tools
- Processes and operations in the new concept of remodeling
- Strategy and international business model for partnership
- People, organization and construction culture
- Industry collaboration between United States and Colombia
- Joint industry marketing

"Launch this new development for the Chamber, reflects how the construction revolution of the last half century has made the world a much smaller place and comfortable to live – opening markets, creating new developments and infrastructures, and facilitating rapid industrialization in powerful economies like Colombia" ,said Doug Mayorga, CEO & President of the United States Minority Chamber of Commerce, " this premier construction summit is a gathering of senior level thought leaders from across the many sectors of the industry that develop, design, build, and create, and combine networking opportunities to interact with attendees in a professional environment, we also provide exceptionally high-caliber education programs, featuring renowned speakers on latest trends in building science and design".
