

UNITED STATES MINORITY CHAMBER OF COMMERCE

PRESS RELEASE FOR IMMEDIATE DISTRIBUTION

U.S. MINORITY CHAMBER OF COMMERCE ANNOUNCES THE AMERICAS WOMEN SUMMIT MIAMI 2026

A Global Platform Advancing Women's Leadership, Entrepreneurship, Business, Science and Public Service Across the Americas

Miami, Florida — October 2, 2026 — The United States Minority Chamber of Commerce (U.S. MCC) today announced the **XXVIII Americas Women Summit Miami 2026**, taking place **October 22–23, 2026, at the Sheraton Miami Airport Hotel**.

The invitation-only international summit will bring together **women executives, entrepreneurs, government leaders, educators, investors, scientists and corporate decisionmakers from the United States, Latin America and the Caribbean** for two days of high-level dialogue, business connections, leadership forums and recognition.

The Miami edition is built around a simple but consequential message: **empowering women requires more than inspiration—it requires access to opportunity, knowledge, capital, markets and meaningful connections.**

Through a series of specialized forums, the Summit will explore the economic power of women's entrepreneurship and leadership, while addressing the real challenges women face in entering global markets, building companies, advancing in science and technology, influencing public policy and creating sustainable economic opportunities.

"Women have demonstrated that they can lead companies, institutions, communities and economies. The next step is to expand their access to the opportunities and international connections that allow leadership to become economic impact," said **Doug Mayorga, Founder and CEO of the U.S. Minority Chamber of Commerce**. *"The Americas Women Summit is designed to bring the right people to the same table—women leaders, institutions, corporations and entrepreneurs—to exchange knowledge, create relationships and open new possibilities."*

The Summit will feature **executive conferences, business forums, exhibitions, networking opportunities and the Women's Honor Gala**, recognizing distinguished women whose leadership and achievements have contributed to business, education, science, public service and the development of the Americas.

ABOUT THE AMERICAS WOMEN SUMMIT MIAMI 2026

The **Americas Women Summit** is an international platform dedicated to advancing women's leadership across **business, entrepreneurship, science, technology, education, governance and public service**.

While significant progress has been achieved, the Summit recognizes that many women continue to encounter barriers involving access to markets, capital, professional networks, information and international opportunities. The Miami Summit seeks to transform those challenges into conversations, connections and practical opportunities.

ABOUT THE U.S. MINORITY CHAMBER OF COMMERCE

Founded in **1999**, the **United States Minority Chamber of Commerce (U.S. MCC)** promotes business development, international trade, entrepreneurship and public-private cooperation between the United States and the Americas.

Through its network and international programs, the Chamber works to connect businesses and leaders with markets, resources and strategic relationships, while promoting the entrepreneurial spirit of the United States throughout the Americas.
