

## **SPECIAL REPORT**

### **THE WOMEN'S SUMMIT MIAMI 2019**

#### **A Legacy of Service, Leadership and Empowerment**

The 2019 Women's Summit in Miami stands among the 28 Women's Summits and initiatives organized by the U.S. Minority Chamber of Commerce over the past 26 years, as part of the Chamber's longstanding commitment to the service, advancement, and empowerment of women.

The Miami edition brought together distinguished leaders from the public and private sectors, including the Governor of Puerto Rico, Ricardo Rosselló, as well as ambassadors representing Israel, Bolivia, Mexico, and other distinguished international and business leaders.

#### **Our Mission Was Clear and Unwavering**

The 2019 Summit was founded on a powerful and enduring purpose: "To empower women to claim their rightful place in leadership.

The Summit sought to provide women with the knowledge, tools, connections, opportunities, and confidence necessary to overcome barriers and expand their leadership in business, government, education, society, and their communities.

**Our vision** was to help build a world in which women's leadership is not viewed as an exception, but recognized as an essential force for human, economic, and social progress.

Throughout this extraordinary edition, participants explored 20 bold visions, exchanged ideas, developed strategies, created meaningful connections, and expanded the boundaries of what could be achieved through collaboration and leadership.

The Summit became more than a conference. It was a gathering of women and leaders committed to creating opportunities and shaping the future together.

## A Message of Gratitude

To every woman who participated, every speaker who generously shared her knowledge and experience, every sponsor who invested in this vision, and every partner who believed in the power of women's leadership, the Executive Committee of the U.S. Minority Chamber of Commerce extends its deepest gratitude.

Your participation reaffirmed a fundamental principle:

The future is not something we simply await.

The future is something we create — together.

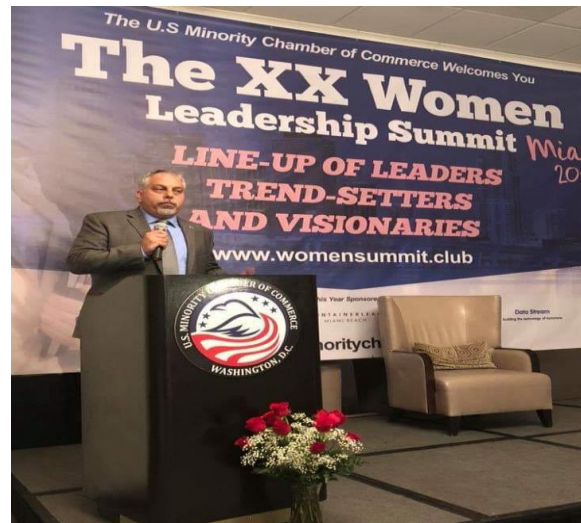

***Miami 2019 remains an important chapter in the Chamber's 26-year history of creating opportunities for women throughout the United States, the Caribbean, and Latin America.***

## **The 12 Most Distinguished Women Leadership Awards Gala**

The 12 Most Distinguished Women Leadership Awards Gala is a distinguished celebration honoring exceptional women whose leadership, vision, and commitment have made a meaningful contribution to public service, business, economic prosperity, and the advancement of society.

The Gala brings together an extraordinary circle of leaders from the highest levels of government, business, diplomacy, media, and civil society, recognizing women whose work has helped address some of the most important challenges facing our communities and whose example continues to inspire new generations of leaders. With more than 100 distinguished guests in attendance, the Gala provides an exclusive setting for recognition, meaningful connections, and the celebration of women whose achievements demonstrate that leadership is not simply about holding a position — it is about creating opportunities, serving others, and leaving a legacy. A Celebration of Leadership. A Tribute to Achievement. A Legacy for the Future.
